EDUCATION

Shree Divine Dholakiya School

Jan '12 - Mar '23

Marwadi University

Mar '23

SOFTWARE PROJECT

Basic Logic Gate Simulator (Python) :-

Developed a logic gate simulator with a Python - based graphical user interface (GUI) for interactive digital logic testing. Integrated basic gates like AND, OR, NOT with real-time input manipulation. Developed a user-friendly UI for better visualization and user experience.

HOBBIES

- Music
- Photography
- Coding

SUMMARY

Seeking an internship in web development to apply skills and gain industry experience.
